

Baby, It's Cold Outside

- With Lyrical Changes for a Modern World

I really can't stay. (But baby, it's cold outside.)

I've got to go away. (But baby, it's cold outside.)

This evening has been (Been hoping that you'd drop in.)

So very nice. (I'll hold your hands, they're just like ice.)

The sales are only good through Thursday. (Beautiful what's your hurry?)

I've got to get just one present more. (Listen to the fireplace roar.)

So really I'd better scurry. (Beautiful please don't hurry.)

But maybe just a half a drink more. (Put some Kayne on while I pour.)

The neighbors might think. (Baby, it's bad out there.)

My lights they don't blink. (Ubers won't drive out there.)

I wish I knew how (Your eyes are like starlight now.)

To break this spell. (I'll take your hat, your hair looks belle.)

I ought to just go, go, go sir. (Mind if I move in closer?)

From my followers I cannot hide. (You can put your phone on vibrate.)

I really can't stay. (Oh baby don't go out.)

But baby, it's cold outside.

I simply must go. (But baby, it's cold outside.)

I'm late for the show. (But baby, it's cold outside.)

Your welcome has been. (How lucky that you dropped in.)

So nice and warm (Look out the window at this storm.)  
My sister will be suspicious. (She's busy watching Netflix.)  
My dog will be there at the door. (Waves upon a tropical shore)  
My maiden aunt's mind is vicious. (That's just cause she's pernicious)  
But maybe just one glass more. (Never such a blizzard before)  
I've gotta get home. (But baby, you'd freeze out there.)  
Say lend me your Uggs. (It's up to your knees out there.)  
You've really been grand. (I fear when I touch your hand.)  
But don't you see? (I can, you mean so much to me.)  
There's bound to be talk on Monday. (You can pretend it's Sunday.)  
At least there will be plenty implied. (If you got pneumonia and died)  
I really can't stay. (Get over that guilt trip.)  
Baby, it's cold  
Baby, it's cold outside.

Songwriter: *Frank Loesser*

New lyrics for a modern age:  
*Jeannine Proulx*
